DRAFT EJ Legal Tools for Informal Program Review.10.13.21.docx

<!--[endif]-->

Andy

Will someone (or has someone) from ECRAD be able to review this draft EJ legal tools by the noon deadline today? If not, would a short extension make a difference?

There is a chewy section in Chapter 4 on the definition of PESS under TSCA as well as some light overview of EJ tools (some of which are being contemplated for fenceline and later RE analysis). Chapter 5 is entirely on tribal programs. I believe these two chapters are worth some thoughtful attention. Let us know who the best point person at ECRAD for any follow up regarding this ask and EJ tools more broadly.

Thanks,
Xiah

Hi DDs:

Could you please review provide comment on these TSCA sections of these documents. OGC has asked for comments by October 20 so please provide any input you might have to Susanna and Xiah by noon on the 20th. If you have EJ contacts in your organizations please ensure they are looped into the process. Thanks.

Mark

Subject: Request for review by 10/20 - EJ Legal Tools draft

Hello Mark and Tala,

OGC has been working on an update to a 2014 document that identifies legal authorities which could be used to further environmental justice work throughout the Agency. PTSLO folks have overhauled the TSCA Title I section of the document to reflect changes from the 2016 TSCA amendments and other creative ideas about the use of TSCA authorities. We're writing to request OPPT review of the (rather hefty) sections on TSCA Titles I-V on pages 104-123 of the first attachment. (The second attachment just shows current changes from the 2014 document, which is pretty much everything for TSCA Title I.)

We're not sure whom in OPPT to share this with, so we're writing to request your assistance in identifying the right OPPT EJ contacts to review the TSCA sections. Could you please either forward the attached to the right folks or let us know the right person(s) to send the attachments to? Please also note the short deadline for review of **October 20** (let us know if that isn't feasible and we'll work on requesting an extension) and the instructions below. Many thanks for your assistance, and please let us know if you have any questions.

Please follow the instructions below to review the draft and insert any comments and/or edits:

- Click on the link to open the Legal Tools draft in SharePoint.
- When the draft opens, click "Open in Desktop App" at the top of the screen.
- Follow instructions back on the SharePoint screen to "close file" (this will close the version that opened with limited Word features. The draft you opened in full Word mode ("desktop app") will remain open.
- Make sure the "auto-save" button at the top left of your screen is turned on. This means the draft will be automatically saved at regular times. **Do not save a different version of the file or even just a chapter.** We want all work to be done on the same version of the document. SharePoint allows multiple people to edit a document at the same time.
- If you want to share the draft with anyone else, please click the "Share" button on the upper right of your screen. Do not forward this email, or your recipients may not be able to access the link. Note: the Law Office Associates are reviewing the draft concurrently, so you do not need to share with anyone from OGC.
